Böckmann VA3520/35P

£ 21,600

Plus VAT

Equipped with the anodised aluminium superstructure and lowered chassis, the VA 3520/35 P model has a solid superstructure construction with a polyester cover with a silver-metallic finish and three all-round steel profile struts. With a total length of 3540 mm and a loading area of 6.6 m² this animal trailer provides lots of space for transporting your stock. Optimal hold safe access thanks to rubber lining on tail gate with step bars and side stops. Low entrance because of the low loading height. Safe stand resilient thanks to adhesion bonding and seling of rubber flooring throughout.
