Bateson Bateson Deauville Horse Trailer

£ 6,630

Plus VAT

The Deauville is our most popular front unload horse trailer, with a generous 7' 3" headroom allowing horses up to 17 hands to be transported. The centrally hinged division is very easy to operate and allows plenty of space for entry and exit. The Deauville has a double internal saddle rack and cover that can remain in place during unloading. The larger front window incorporating a coupling mirror, combined with the white interior gives a very light and airy environment and allows a view of the horse during transit.

Colour		Number of Horses	
Number of Axles		Gross Weight	2300
Unladen weight	860	Capacity	1440
Length	4430	Width	2180
