Böckmann Portax K

*** Call *****Plus VAT**

the new Portax K redefine the added value of a horse trailer with front exit. The unique room layout with the extra space in front of the horses enables perfect handling. The interior tack locker is ideally configured to this purpose and with the even larger door can now be conveniently accessed from the trailer or through the man-high entrance door. You can take a look at the impressive standard equipment highlights such as the World Class "WCFplus" chassis, the MSS safety stall bar system and the rear ramp/door
